

kdb::NameIterator

```
classDiagram
    kdb::NameReverserIterator --|> kdb::NameIterator
```

A UML class diagram illustrating inheritance. At the bottom is a gray-shaded box labeled 'kdb::NameReverserIterator'. A red arrow points vertically upwards from the center of this box to the center of a white box at the top labeled 'kdb::NameIterator'. This indicates that 'kdb::NameReverserIterator' inherits from 'kdb::NameIterator'.
