

keyexcept.hpp

```
graph TD; A[keyexcept.hpp] --> B[stdexcept]; A --> C[string];
```

A diagram illustrating the relationship between the `keyexcept.hpp` header file and the `stdexcept` and `string` headers. The `keyexcept.hpp` header is shown at the top, with two blue arrows pointing down to the `stdexcept` and `string` headers, indicating that `keyexcept.hpp` includes both of them.

stdexcept

string
